NORTH WEST SUB BRANCH

North West AUTUMN OPPORTUNITY SALE

Friday March 5th 2021 | 11am | Echuca Sale Yards

Foreword

It is with much pleasure we issue you this catalogue of outstanding Holsteins selling on Friday 5th March.

The North West Branch of Holstein Australia should be very proud of such an offering.

Cows selling with production to 11,730 litres 364 kgs protein 556 kgs fat and classified to EX91. Dams have records to 15,746 litres 478 kgs protein 590 kgs fat and are scored to EX93. We have young cows selling that complete 10 gens EX & VG. Another lot sells from a dam that completes 4 gens of OFC Winners!

Yes, this is a fine catalogue of both registered and Grade, but indeed extra well bred Holsteins with some 90% calving Autumn.

Certainly something here for everyone.

We look forward to seeing you at Echuca, however for those who don't come along we will be livestreaming with Elite.
