FOREWORD

Welcome again to the Create The Future Sale hosted by ST Genetics as part of International Dairy Week for 2023.

What an incredible line up of All Breeds is represented in this exciting catalogue, we are confident they will go on and Create Your Future in further progressing your Breeding plans.

As we study the pedigrees we find daughters of cows classified to EXCELLENT 95 in Australia and EX 94 in North America. Heifers sell from dams completing 10 generations of EX. We find dams with records to 18,126 litres 479 kgs protein and 788 kgs fat. We have heifers selling with 12/22 gTPI to +2936.

Selling will be young cows in milk with extreme type from each of the Dairy Breeds that we are sure to see show at IDW. Indeed the IDW 2022 Supreme Junior Champion is catalogued.

You will note a direct daughter of the 2022 IDW Grand Champion Jersey and 2022 IDW Intermediate Champion Guernsey sell!

We sincerely thank Peter Semmens and all at STG Australia for their great support in hosting the STG Create The Future Sale, to Marty Glennen, Simon Tognola and Fiona Hanks I must say a Big Thanks for their tremendous efforts in the huge lead up to this important sale, indeed Simon and Marty have toured the Nation inspecting and filming the sale lots.

Daughters of leading STG Marketed Sires like Lambda, Chief, Altitude-Red, Moovin, Samite, Rationale, Arrow, Have It All, Ringer and Ferdinand will sell throughout the sale

Most lots will be on site at International Dairy Week, all lots will have video footage, be sure to talk with any of the Sale team should you need any assistance on any of the lots.

We do hope you can be with us for this important event on Wednesday 18th January, however the sale will be live on Elite.

Looking forward to your company

Consistently high testing cow with terrific volume as well. 1st Aged Dry Cow Adelaide Royal.

Maternal sister: Boldview Autumn Roama, VG88

This heifer is a very stylish dairy boned individual with a superb udder. Calved in as a 3yo, she shows at IDW as a Senior 3. Bigtime Ramone was short listed for the 2022 Adelaide Royal but didn't make the trek, only as we had to keep the numbers down for the sake of transport. Ramone is by far the best of our Bigtime heifers to calve in so far, and will definitely not disappoint her successful purchaser. Mated to calve in for the 2023 Adelaide Royal Feature Breed Show.

BE CERTAIN WITH

Genomic Testing

“Create the future of your herd by discussing the Genomic Testing options available with our trusted team”

“STG Australia have allowed us to have a better understanding of our herd by using Sexed Ultra 4M Semen, Genomic Testing and Chromosomal Mating. Our heifers we are calving down now have a Net Merit\$ that is equivalent to the bulls we used 4 years ago which is very rewarding. We have seen rapid genetic gain in the figures and are looking forward to the financial benefits that we are about to receive from our heifers. We will continue to use STG Australia products and services in our business”

Perrin Hicks Hicks-Jacobs Dairies, Mount Compass

- ✓ Align your herds genetics to Feed Conversion Efficiency. Include Ecofeed in your genetic strategy to ensure the optimum cost effective ration over milk production.
- ✓ Parentage, A2 and haplotypes* included with no add on fees.
- ✓ Results personally delivered and explained by a STg Australia Representative.
- ✓ Individual profile on each animal given in a hard copy and digital format.
- ✓ Rank your herd according to production, type, health traits and feed conversion efficiency.
- ✓ Identify your best females to use to make replacements to increase your herds potential.
- ✓ Identify animals within the herd with potential genetic abnormalities.
